PLAN B according to Big Daddy

“I thought it would be cool to have an album called Plan B because of my name and also because of the double meaning: when you’re doing business, you always need a Plan B!

Most of the songs on this album were written during the Covid19 lockdown time and because of that, for the first time we thought about releasing the album on digital platforms only. The plan was to do it with my band, The Goosebumps Bros., and this would have marked it as the first joint production album ever for me.

Then things changed again due to the circumstances of life and business and we decided to release the album as cd and vinyl as well: we are definitely running with the name of Plan B!

You know, sometimes Plan B is even better than the first plan and this is the case with this album for sure. The songs for this album are written and composed by myself and The Goosebumps Bros.: songs of soul, blues, roots and life, songs that will strenghten your faith.

Our goal is to make you smile: we hope you will enjoy listening to our Plan B!

I am very happy with this Plan B!”

“Big Daddy” Wilson Blount

Recorded and produced by The Goosebumps Bros. & Big Daddy Wilson @ Fireplace Room, Lurago Marinone (Italy). Mixed by Cesare Nolli @ Fireplace Room. Mastered by Paolo Costola @ Macwave Studios, Brescia (Italy)
